

Finger Guard K-39

Heavy gauge clear vinyl strip that attaches to the door stop at the hinge side of the door. Prevents fingers from being crushed between door jamb and hinge side. Essential item for daycare facilities.

- Heavy gauge vinyl bends when door is closed, tracks door as the door is opened. Covers hinge edge gap at all times.
- Clear vinyl fits all decors.
- Stop edge is metal reinforced. Metal available in all standard finishes.
- Available in all lengths up to full door height. Most common height is 92 inches.
- Non- handed.
