

SAINT-GAUDENS

SOLID BRONZE HARDWARE

the beauty of fine design, the eternity of solid bronze

McCALL

SOLID BRONZE

Saint-Gaudens Hardware

is designed to provide lasting service. Made of the highest quality materials and engineered to meet strict safety standards, this hardware will provide years of useful service and distinguish your home as extraordinary.

Distinctively styled and crafted, Saint-Gaudens is designed to provide consistency in both style and finish to your décor. McCall's simple, understated elegance is available in two refined finishes – Dark Bronze – Fine (DBF) and Satin Bronze – Fine (SBF).

McCall Entrance Handle Sets

McCall Entrance Handle Sets - Tubular

Applications/Specifications

Applications:

The McCall line of Saint-Gaudens entrance lock has a very simple, elegant design. McCall was designed to emphasize simple understated elegance to highlight the warmth of the bronze finishes. McCall entrance locks are available in tubular or mortise functions. The McCall tubular entrance set is available with a square or a curved grip on the outside and either a round or oval knob or a straight lever inside. The rustic finishes, which are Saint-Gaudens trademark, have been softened to enhance the stepped edges of the McCall, and are designated as Dark Bronze Fine, and Satin Bronze Fine.

Advantages:

- ▶ Tubular sets offer ease of installation using standard 2-1/8" door prep (ANSI 161 for 2-3/8" backset)
- ▶ Solid Bronze Knobs/Levers/Escutcheon
- ▶ Solid brass 5-pin 'C' keyway cylinder standard

Specifications:

Handing

Non-handed for Knobs. Handed for Levers.

Door Thickness

1-3/4" (44mm) to 2-1/8" (54mm) standard.

Backset

2-3/8" (66mm) latch standard.
2-3/4" (70mm) optional.

Faceplate

2-1/4" (57mm) x 1-1/8" (29mm) square corner latch faceplate standard

Bolt

Deadbolt constructed of solid brass. Deadbolt has 1" (25mm) throw when extended with a hardened steel insert for maximum protection and security. Latchbolt constructed of stainless steel. Latchbolt has a 1/2" (13mm) throw when extended to fully engage the door jamb.

Strike

Latch is furnished with a 'T' strike. Latch and deadbolt furnished with a dust box.

Center to Center(CTC) (lock to deadbolt)

Tubular - 5-1/2" (CTC) standard template.

Door Preparation

2-1/8" dia. (54mm) face bore with no additional hardware. 1" (25mm) latch bore.

Cylinder

Solid brass, 5-pin, 'C' keyway standard. Cylinder is protected with a free-turning cylinder guard to resist gripping or twisting by vandals.

Keying

Cylinders easily re-keyed for individual job requirements.

Keys

Two polished brass Saint-Gaudens large bow keys standard. Designed with 1-1/4" (32mm) wide bow surface to facilitate use by physically challenged individuals.

Finishes

Dark Bronze -Fine, Satin Bronze - Fine.

Dimensions

Plate: 3" x 19"
